

## PRECAUTIONARY MEASURES FOR THE PUBLIC

As a consequence of the facts that have interested all recent events with a big concentration of public, in order to guarantee the maximum level of security and at the same time to allow all the enthusiasts to live 4 days of sport and entertainment, the organizers of the 74th Italian Open report some prescriptions to secure the correct flow and outflow of the public, so as to promote maximum collaboration between the police, the supervision staff of the organization and the public.

The police and the supervision staff will check both inside and outside the area. There will be a particular attention during the time of entry and exit. Every gate of entrance will be crowded, so probably there will be few minutes of wait. All of this is for guaranteeing the security of the public, we kindly trust everyone to have patience and sense of responsibility.

### PRESCRIPTIONS

- There will be a pre-entry area with a NON-INVASIVE control. The supervision staff may use the **METAL DETECTOR**.
- In the stage of entry, bags and backpacks will be inspected and all the materials not suitable, will not be allowed to be introduced into the area.
- For security reasons, there will NOT be a storage for bags, backpacks, helmets or any other personal object.
